

## SOME FEEDBACK FROM PREVIOUS CNC PARTICIPANTS

“I was skeptical that meeting online would be as fulfilling as it turned out.”

“I loved the style of the videos – easy, natural, very relational –  
the very antidote to powerpoint!”

(CR, England)

---

“A unique fusion of inner-work and activism.”

(LH, Scotland)

“I was surprised by the level of connection with other men,  
and how quickly it was possible to drop into experiencing my own uniqueness.  
Since taking part in the CNC Program my ability to operate in a place of clarity  
and authenticity in relationship with others, in situations which previously would  
have been too triggering, has opened me to a new way of being.  
There has also been a profound shift in my sense of belonging  
in the world, and that my authentic actions from a place of  
connected uniqueness are really needed.”
